

UNION PACIFIC HAS NEW ALLY

Grounds For Belief That the
Northwestern May Be Dropped.

ONE VAST GOULD SYSTEM

NEW DEAL WHICH MAY HAVE
ITS EFFECT ON THE WEST.

It is said that the Chicago & Northwestern looks with some degree of alarm at the friendly relations existing between the Rock Island and the Union Pacific. In fact the new friendship has become so close that the matter has challenged general comment. This spirit of amiability is so pronounced that if the Northwestern were to be shelved for the Rock Island there would be no surprise. And this is exactly what some predict will happen ere many moons.

A joint freight station which has been opened by the two roads at Pullman has suggested to some the close communion which may displace the Northwestern entirely. It is said that the Union Pacific has recognized a strong ally in the Rock Island and that this system has received and not sought the friendly overtures. It is well understood that some of the interests of the two roads are closely interwoven at many advantageous points.

In Topeka, Kansas City, Omaha, Denver and other terminal points, the Rock Island is using the Union Pacific tracks under a ninety-nine year lease. It has been suggested that the two roads are in a position to save expenses by consolidating their lines. There is no immediate prospect of such a close fellowship. It illustrates the intimate manner in which they are associated and shows the strong grounds for comment.

Another strong point that strengthens the prediction of a close relationship between the two lines is the fact that they touch at many common points. The Rock Island covers the south and the southern while the Union Pacific covers the north and the northern. The two roads are in a position to reach this country west of Denver and the Rock Island has been trying to reach this country.

The benefits to be derived from an exchange of courtesies would be mutual. One line could give the other favors as the other. An alliance would make one of the strongest combinations imaginable and there is the utmost confidence that such an exchange of territory may be looked for.

Chicago, Aug. 12.—Commencing Nov. 12, the Chicago, Rock Island & Pacific railroad will run through trains from the lakes to the Pacific coast. Arrangements have been made with the Southern Pacific by which the Rock Island trains will be taken over the former's tracks from El Paso to the coast. In order to provide cars for the through service, the Rock Island trains will be ready for delivery in about sixty days. The total cost of the cars will be but little under \$1,000,000.

ONE VAST SYSTEM

Gould Properties Are to Be Brought
Into Closer Relationship.

A combination in which the Rio Grande is involved is seen by those who have watched the recent buying of securities of this line and the Texas Pacific and Missouri Pacific. They believe this action means a combination of the three companies into one system.

It is also said that the Gould system of the west and southwest will be merged into three systems and operated by a great securities holding company. The claim is made that George J. Gould recognizes the fact that the time is ripe for a move of this kind and that it is such a relationship of the Gould properties which has been sought and which will be brought about.

THERE IS TIME ENOUGH.

San Pedro Will Make Connections
When It Gets Here.

A Los Angeles interviewer for the San Francisco Bulletin quotes Senator W. A. Clark as saying that the completion of the San Pedro, Los Angeles & Salt Lake railroad has been delayed, the result of inability to obtain material and rights of way. The Southern Pacific's injunction, now pending, has prevented the line from being operated into Pomona. Senator Clark says the road will be completed to Salt Lake City in about twenty-four months unless additional unforeseen delays should arise. Several million dollars already have been expended and the total expected cost will be about \$25,000,000.

"If more is required, it will be forthcoming," declared Senator Clark today. "The road will be an independent competitive line. Connection east has not been provided at Salt Lake City. When we get there we shall be prepared to do business with any one on the ground."

Senator Clark declared that he does not desire to be vice president, and would not exchange his United States senatorship for that position.

Railroad Notes.

W. F. Middle, general ticket agent for the Pullman company, was in the city yesterday.

D. W. Aldridge, general agent for the Chicago & Northwestern, has returned to his home.

A special from Park City today is expected to add several hundred excursionists to the Salt Lake throngs of visitors.

An excursion will be run over the Short Line to Ogden Aug. 15. Trains will leave at 11 o'clock and at 1:30 o'clock.

The western roads have decided to meet the Santa Fe cut on livestock rates, as published several days ago in the Herald.

The Rio Grande excursion to Ogden departs Aug. 14, and the company expects to put out a fine train in honor of the Elks.

The story is denied that a traffic agreement has been entered into between the Chicago, Milwaukee & St. Paul and the Missouri Pacific.

President James J. Hill of the Spokane Falls & Northern road refuses to reduce the rate from 5 cents to 3 cents per mile on the ground that the 5-cent rate scarcely pays the running expenses of the passenger service.

BRIGHTER FOR DURHAM

Defendant on Stand Yesterday—
No Sensational Developments.

(Special to The Herald.)

Pocatello, Ida., Aug. 12.—The evidence in the examination of W. A. Durham, charged with the murders of E. M. Fritz and J. S. Donaldson on June 23, is all in, and the state has asked a case against him, but to bring out any new facts, other than that Durham suspects W. H. King of having committed the crime.

Durham was on the stand this afternoon, but the promised sensation did not materialize. His only reason for suspecting King was that King passed down the trail about the time he heard the shots.

King was accompanied by A. R. Driggs and Briggs' son, and they testified to seeing the murdered men alive. That night Durham and Farnham, his partner, slept within 200 yards of where the bodies of the men lay, and early the next morning found their camp, seeing the body of one of the murdered men, but supposing him asleep, made no investigation.

Durham, who returned three days later, had left his tools and revolver hidden near his camp, and he testified that when he got his revolver he found three or four of the shells marked with a knife.

His partner, Farnham, stated positively that Durham was not out of the night of the murder, nor out of his sight the morning of the murder and the two murdered men are known to have been in that section during the afternoon and night of June 23.

The case will be argued at 10 o'clock tomorrow, after which the court will announce the verdict.

SEE THE PRIZE ELK AT

Saltair Beach.

The finest elk ever mounted is now on exhibit at the Saltair Beach. Come and see his majesty, and don't forget to vote long enough to make sure that your favorite lodge gets the prize.

ESTATE OF \$15,000,000

TO GRANDCHILDREN

West Lisbon, O., Aug. 12.—The will of Rebecca T. McCollough of Allegheny, widow of the late J. N. McCollough, has been filed for probate here.

It disposes of an estate of about \$15,000,000, part of which is in this country.

Mrs. McCollough's husband was formerly president of the Cleveland-Pittsburgh railroad.

Her son-in-law, Harry Darlington, is executor of the will and has bonded the estate in full.

The estate is divided among a granddaughter and grandson.

Physicians and Druggists.

Ford & Surgeon, a prominent drug firm at Rocky Hill station, Ky., write: "We were requested by Dr. G. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say Herbine has given such great satisfaction that we have applied this order three times, and today we gave our salesman another order. We beg to say Dr. G. B. Snigley takes the highest praise for Herbine."

Dr. H. S. Scott has returned from the east, and can be found at his office in the Atlas block.

STATE NEWS

DID HE STRIKE CRIPPLE?

Story Told That Utah County
Commissioner Abused Infirm-
ary Patient.

(Special to The Herald.)

Provo, Aug. 12.—It is quite likely that an action will be brought against Commissioner Hill of the infirmary, who is charged with assault by John Lee, a cripple, who was injured by the fall of a beam from the roof of the infirmary.

Lee, who has been an inmate of the institution since that time, was at the time of the fall of the beam, and he was injured by the fall of the beam. The fall of the beam was caused by the fall of the beam, and the fall of the beam was caused by the fall of the beam.

SUIT FOR DAMAGES

For Injuries Received, James
Murphy Wants Twenty
Thousand Dollars.

Provo, Aug. 12.—A suit for \$20,000 damages was filed today in the Fourth district court by James Murphy against Henry Summum. Plaintiff alleges that he was injured by the fall of a beam from the roof of the infirmary.

Summum, who is the proprietor of the infirmary, denies the charge. The case will be argued at 10 o'clock tomorrow.

HELPING THE BEET RAISERS.

Heavy Rainfall Visits the Vicinity
of Payson.

Payson, Aug. 12.—This section was treated to a heavy rain last night, which continued the greater portion of the night and part of this morning. The result is a great amount of money to beet raisers and the fall cutting of lucern hay.

The beet raisers are very much pleased with the result. The fall cutting of lucern hay will be a great help to the beet raisers.

Barrels of Samples.

Over Two Hundred Thousand
Trial Bottles Sent Free
by Mail.

By special arrangement with the manufacturers of the famous Dr. David Kennedy's Favorite Kidney Remedy, the readers of The Herald are enabled to obtain a trial bottle and pamphlet of our famous trial advice absolutely free, by simply sending their full name and postoffice address to the DR. DAVID KENNEDY CORPORATION, Room 20, 111 Broadway, New York City.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, that they are willing to send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine. It is absolutely free, and a postal card—and benefit and cure will most certainly be the result.

Favorite Remedy is the only kidney medicine that acts as a laxative—no others constipate.

Put some urine in a glass tumbler and let it stand twenty-four hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy orropy, your kidneys or bladder are in a bad condition. Dr. David Kennedy's Favorite Kidney Remedy speedsily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning, scalding pain in passing it, frequent desire to urinate, especially at night; the stinging of linen by your urine and all the unpleasant and dangerous effects of the system produced by the use of whisky, wine or beer. Dr. David Kennedy's Favorite Kidney Remedy is sold by all drug stores or direct at \$1.00 for a large bottle; six bottles for \$5.00.

OLD FOLKS' DAY AT LOGAN.

An Elaborate Programme Presented
at Tabernacle Square.

Logan, Aug. 12.—Today is "Old Folks' Day" at Logan, and the aged people of the entire stake are gathered here, the tabernacle square having been thrown open to them. The programme of events is being given by the Park band.

Singing by the old folks, under the leadership of Professor A. Lewis.

Prayer by chaplain of the day, Patriarch Henry Ballard.

Singing by the old folks.

Speech of welcome by Stake Chairman John Deakin.

Speech of Providence band.

Five-minute speech by C. B. Robbins.

Song by Mr. and Mrs. Hobbs of Remon.

Five-minute speech by H. Nielson.

Original poem by A. DeWitt.

Song by John Thorp of Sixth ward.

Speech by Mrs. Elizabeth Benson.

Original poem by James S. Hancey of Park.

Song by Mr. and Mrs. Robert Crookston of the Fourth ward.

Stump speech by Christian Larsen of the Fifth ward.

Original poem by Ann Brandt of the Sixth ward.

Five-minute speech by Rev. Mr. Clifton.

Song—Providence.

Ten-minute speech by Patriarch Lorenson.

Musical by Hyde Park band.

Benediction by chaplain.

Refreshments.

At 2 o'clock p. m. there were general sports, dancing, songs, speeches, races, etc.

NO MORE LICENSES.

County Commissioners of Sevier
County Thus Decide.

Richfield, Aug. 12.—The board of county commissioners, at a special session yesterday, refused to grant any renewals or any more licenses for the sale of liquors in Sevier county. Applications had been pending several days, but as considerable complaint had been made by the railroad contractors in the canyon and others that the saloons near the grading camps were a great nuisance, the commissioners appointed a committee to investigate the matter. The committee reported in favor of not granting any more licenses, and the report was accepted and adopted.

Happenings in Vernal.

Vernal, Aug. 12.—The long delayed arrival of the representatives of the Florence Mining company in Vernal is scheduled for the fore part of the coming week. Quite a stir among men acquainted with the reservation is anticipated in consequence.

E. W. Davis, formerly in the furniture business in Vernal, who transferred his business to the Mead Furniture company, has again taken the business and will be found again at his old post.

Miss Clyde Oskirk, a daughter of C. S. Carter, the well known blacksmith, is critically ill. She underwent a delicate operation by Dr. Buckner of Vernal and Andersen of Duchesne, which was very successful.

Deputy Fish and Game Warden C. B. Atwood's case was up before Justice Camp yesterday. Mr. Atwood was charged with tampering with water in violation of an order of the water commissioner. His honor imposed a fine of \$5 and costs.

James McKnight of Brown's park has purchased the lively business of Nelson's saloon in Vernal and will take charge at once.

Joseph Petronetti of the East End saloon, who recently purchased the Mease corner, has fitted up his new quarters and will open there tomorrow.

John Lister was up before Justice Wilson of South Ashley yesterday on a charge of taking water not belonging to him and was found guilty.

David Curtis, for the last twelve years a resident of Utah county, died at the home of his mother, near Vernal, of typhoid fever, after many months of illness. He leaves a wife and several children.

Professor N. G. Sowards is laid up at his home with a serious attack of rheumatism.

John McAndrews, superintendent of the Gilson Asphaltum company's business on White river, has gone to Idaho to inspect some mining property in which he is interested with S. D. Colton and William Donahoe of this place.

The second cutting of lucern, which is now being made in this section, is the fairly good, although light in some localities.

Stockmen report that the winter range is in very poor condition from lack of rainfall, and that if conditions do not change soon, feed will be very scarce the coming winter.

Professor N. G. Sowards has peaches on the market from his orchard on the north side of the valley that are the finest ever seen in this market.

PROVO NEWS NOTES.

Provo, Aug. 12.—Professor J. F. Watson has accepted the position of teacher in the Pleasant View school for the ensuing year.

A. Boshard of Washington, D. C., is in Provo visiting relatives. He will remain here until the 15th inst.

Bishop George P. Billings of Jensen, Utah county, is in the city visiting relatives.

The time of holding examination for county teachers has been changed by the arrival of Aug. 23, 24 and 25.

The family of Mr. and Mrs. George Burdette has been increased by the arrival of a son. All well.

William Osborn, aged 24, of Union, Salt Lake county, and Rhoda Bushman, aged 21, of Lehi, have received a marriage license.

James R. Farrer of Farrer Bros.' company is confined to his bed with typhoid fever.

St. V. Le Sieur, who has been seriously ill from typhoid fever, is now able to be out.

The funeral services over the remains of Mrs. Emily Chesley will be held tomorrow (Wednesday) from the Third ward meeting house, commencing at 2 p. m.

An Engineer's Fast Run.

An engineer on one of the roads entering here, in speaking last night of fast runs said: "Although my machine is not slow, once let a cold get six hours the start of me and my machine is no match for the fast runs."

One will not be benefited, as it is nearly all harvested and threshed. The outlook for the beet crop is encouraging and it is predicted that it will exceed last year's output, which netted the farmers the community nearly \$500,000.

The agent selected by the county commissioners to receive and pay a bounty of \$2.50 on each bushel of lucern hay raised in this town is experiencing a busy time and many bushels of the pests are received and burned daily. Small boys have organized themselves into companies of the and some are now working in the hoppers, averaging from \$1.50 to \$2.50 each for a day's catch. The plan they work in is to catch the pests in a very simple and gives great results. They make a sort of a net out of a long piece of canvas or wagon cover, and fasten two poles, one at the top and one at the bottom of the canvas, and a hitch saddle horse at each end. They gallop over a piece of ground at a rapid gait and the grasshoppers fly toward into the trap.

The Spanish Fork and Payson baseball teams played a close and interesting game of ball at Spanish Fork Friday. The score stood 6 to 5 in favor of the Payson boys.

TO PROTECT HIS FLOCK.

A Sevier County Farmer Succeeds in
Fooling the Coyotes.

Richfield, Aug. 12.—Peter I. Akelund of Fremont, Wayne county, while in Richfield a few days ago, reported what he believes a discovery that will effectively protect sheep from coyotes. He has conceived the idea of making some kind of a protector for the sheep's head and neck, and he has been successful in making one. It is around the neck only that a coyote attacks a sheep, and generally grabs it by the back of the neck and thrusts it down and then cuts its throat. Mr. Akelund's device is a collar made of wire and will make collars for his entire herd. He makes them in a little while and the cost is very light.
